W05 Lockable Wall Box - ST / FC Adaptors

The wall box system in its basic form is supplied with the box unloaded ready for you to install the adapter of your choice. The box can also be pre-loaded complete with the required adapter to meet your project needs. The quality of construction that comes with our range of wall boxes ensures a safe, secure and aesthetically pleasing wallbox for your network.

FEATURES/BENEFITS

- Available in single and double door models
- Double door models include two separate locks for security
- Internal bend radius protection included
- Cable entry and exit points can be knocked out to suit installation

APPLICATIONS

- Internal application
- Data Centre or telecommunications networks
- For use in multi dwelling units or demarcation points within a network
