

Features

- Hot swap modules, Click in / Click out
- UK 45 degree left and right handed
- High density IEC C13/C19
- Individually fused and locking options
- French and Schuko options

Technical Information

The modules are really easy to fit, simply 'Click in or Click out', they are polarised and so can only fit in one way, PDU's can be configured in minutes, or changed at will. No more expensive custom built PDU's!
Manufactured from an aluminium extrusion with ABS plastic end caps that contain the locking mechanism.

Product Codes

Part Number	Description
M13A4LH	4 x UK 13A Sockets left handed - BK
M13A4RH	4 x UK 13A Sockets right handed - BK
MC138	8 x IEC C13 Sockets - BK
MC136IF	6 x IEC C13 Sockets, individually fused - BK
MC195	5 x IEC C19 Sockets - BK
MC195IF	5 x IEC C19 Sockets, individually fused - BK
MC134C193	4 x IEC C13 Sockets, 3 x IEC C19 Sockets - BK
MC134C192IF	4 x IEC C13 Sockets, 2 x IEC C19 Sockets, individually fused - BK
MBLANK	1 X Blank Module, W/Out Power
